MindWise Innovations supports the entire continuum of mental health - from prevention to crisis response - with evidence-based solutions that educate and prioritize health for all ages.

MindWise:

- Teaches students and school staff how to identify signs of depression and suicide
- Creates safer, healthier workplaces that understand how mental health intersects productivity

- Brings communities together after traumatic events

Mission is to shape both the current and future state of behavioral health for the better. MindWise works with 3,600+ clients across 20 countries and is powered by Riverside Community Care, a non-profit leader in integrated health and human services.

Individuals take a short, online quiz to see if how they're feeling matches common symptoms of conditions like anxiety, depression, substance use disorder, and a range of others. All screens are anonymous, have been clinically validated, and provide immediate feedback.

Coyote Clinic Program at Avera

Sioux Falls - N. Dakota Avenue

Sponsored by The University of South Dakota Sanford School of Medicine medical students under the supervision of internal medicine physicians, provide health care with the goal is to provide health care to uninsured patients over the age of 18 while providing a learning opportunity for medical students.
